

PRESENT:

The 5th Annual SUSTAINABILITY CONFERENCE

Smart Investment

in our

REGION'S VALUABLE INFRASTRUCTURE

Numerous esteemed publications and professional organizations have stressed the enormity of the aging infrastructure problem in our nation. The common theme is that a dire need exists to provide engineering solutions from both a practical and financial standpoint to infrastructure that impacts our daily lives.

The Pittsburgh Section of the American Society of Civil Engineers (ASCE), Environmental and Water Resources Institute (EWRI), Champions for Sustainability/Sustainable Pittsburgh (C4S) and Transportation and Development Institute (T&DI) are proud to announce the Annual daylong Sustainability Conference. This year's conference will focus on three cornerstone aspects, [Locks & Dams](#), [Asset Management](#) and [Water as a Resource](#) of our region's infrastructure that is in need of immediate attention.

This event will be held on The Gateway Clipper Fleets, Empress and will include a journey down the Ohio River to the Emsworth Lock and Dam.

So please join us for this daylong event. All attendees at the event will receive a certificate for 6.0 Professional Development Hours.

We look forward to your attendance!!

We are proud to announce the following speakers have been confirmed for this event:

Colonel William H. Graham,
U.S. Army Corps,
Pittsburgh District Engineer
